The royal treatment
for you *and* your belongings.

Introducing an exclusive set of services and resources that make your move to Lenbrook feel very easy and make you feel very special.

The VIP Moving Program

Whether you're planning on moving soon, or even a few years down the road, it's never too early to start planning. We know it can be tough to even think about moving because it is such a hassle. When you've collected things for years and it's time to downsize, it's hard to know where to begin.

Well, you can start right here. Because Lenbrook's VIP Moving Program can make moving much easier. The program offers a lot of help in the form of guidance, information, contacts, checklists and extra hands, if you want them. It can take most of the work...and a lot of the stress...out of moving. So your transition to Lenbrook can be seamless and easy.

We coordinate everything. So you can relax.

The Lenbrook VIP Moving Program begins with you meeting with a member of the Lenbrook Marketing team who will walk you through a detailed timeline for your move, from initial deposit to move in. We will assist with many things, including the application process, your apartment design selections and coordination of move-in details. We also can offer a helpful resource list of trusted partners, from real estate professionals to movers to Move Managers.

We will explain how these experts can help with everything from selling your home, to downsizing, unpacking, arranging your furniture, hanging pictures and more. With a dedicated Lenbrook Project Coordinator to work with these recommended partners, every detail of your move will be covered.

To us, you're Very Important. And so are these VIP Moving Program benefits:

- A no-obligation consult from a preferred real estate professional.
- An introductory consult with a preferred Move Manager.
If you decide to enlist one of these Managers, the Lenbrook Project Coordinator will work with them to make your move as seamless as possible. Your Move Manager can help with:
 - o Sorting and right-sizing your household items.
 - o Custom designing and space planning.
 - o Evaluating and scheduling packers and movers.
 - o Relocating unwanted items.
 - o Arranging furniture so it works perfectly in your new home.
 - o Unpacking and organizing. This includes hanging art, hanging clothes, arranging cabinets, even making the beds.
- Our VIP Program offers the option of staying in one of Lenbrook's relaxing guest suites while your apartment home is being arranged.
